

FSP is extraordinarily appreciative of your gift!

Thanks to your gifts, The Friends School of Portland is proud to be able to offer generous tuition assistance. FSP received approximately \$124,000 in individual donations. Many individuals donated generously and some on multiple occasions. Our overall fund-raising goal, including foundations and grants, was \$130,000. We reached over \$172,000. As a result of these generous gifts, more families are allowed to consider a Friends education for their children.

We enrolled our daughter in Friends School of Portland... she no longer dreads going to school, but instead loves going to a place that feels like a second home.
